

# LANGTRY F FARMS 1888 VINEYARD AND WINERY

## Stainless Steel Fermented 2021 Rosé

This Rosé was crafted using the saigné method. This method is when juice is bled from crushed red grapes 2-4 hours after processing. Ours is a blend of our Tephra Ridge varietals. This method allows us to concentrate the flavors of our Tephra Ridge Red wines, while giving us a Rosé with beautiful color, structure and aromatics.

### Tasting Notes:

Fragrant notes of macerated strawberry layered with rose petals and tangerine. Bright and lively palate, with subtle notes of orange blossom and citrus zest on the finish.

### Winemaking Notes:

Appellation: Lake County

Varietal: Cabernet Sauvignon

Vinification: Stainless steel fermented and aged for 5 months

TA: 6.8

pH: 3.41

Alc: 13.5%
